

4 DAYS OR LESS INCLUDING SAME DAY

Nova Flex ships quick EVERY DAY! QuickShip is backed by the volume of products stocked in-house and our skilled production staff that assembles custom, ready to install LED lighting solutions in the USA. We are committed to meeting tight deadlines and getting your orders delivered on time - every time!

4 DAYS OR LESS

All orders, with an approved Nova Flex quote, will ship in 4 days or less unless otherwise requested. The only products that do NOT qualify for QuickShip are special order SKUs (NF/SP). To ensure we are able to meet all of our customers' needs, maximum order quantities apply. If your order exceeds the set threshold, Nova Flex will work with you to get your order delivered on time. **Email: orders@novaflexled.com**

SAME DAY

For SAME DAY SHIP, email order with approved quote number by 10 am (your time zone).

Production will start immediately upon submittal. If changes need to be made to the order after submitting, the lead time may be affected and charges may apply.

DELIVERY TIME

Shipping is the time it takes Nova Flex to customize and ship your order. It does not include the time it takes your order to travel to you. Orders that include a mix of stocked & special order products may cause delays. Allow 7 - 9 weeks for special order products.

Please use the map as a guide to estimate your delivery date or go to wwwapps.ups.com/time to calculate actual delivery date & cost options (shipping from: St. Cloud, MN 56301). **Saturday delivery or overnight "red" shipping available upon request.**
