RESOURCE GUIDE - POWER & CONTROL

ADJUSTABLE TOUCH PANEL | S3I

OPERATION

Controlling Zones - Up to (4) different ZONES

Refer to "Pair" above to pair different zones. Once zone is paired, select the "ZONE" you'd like to control. Control how you'd like

Can control MULTIPLE ZONES at once (BLUE indicator dot will illuminate when selected).

Select ALL ZONES that you'd like to control. Then control how you'd like.

To get OFF this mode, simply move your finger on the color panel once and then select a specified ZONE you'd like to control.

Turn ON/OFF (1) Zone

Press and hold ZONE number you'd like to turn ON/OFF (BLUE = ON; GOLD = OFF).

Turn ON/OFF ALL Zones

Press the "Power" button (BLUE = ON ; GOLD = OFF).

Setting Scenes – Up to 2 different Scenes total

Press and hold "SCENE" number for 3 seconds (lights should flash when stored successfully).

Color Change

Select the ZONE(s) you'd like to control. Select the Color Range / Brightness Indicator Button on the LEFT hand side of the Touch Panel (GOLD indicator light = COLOR CHANGING MODE). Then use Color Panel to adjust Color Temperature.

Brightness

Select the ZONE(s) you'd like to control. Color Range / Brightness Indicator Button on the LEFT hand side of the Touch Panel (BLUE indicator light = BRIGHTNESS MODE). Then use Color Panel to adjust Brightness.
